## Image report

The `img` elements of the page are shown below categorized by their type of textual alternative. Please review that the images in each group match that group's definition.

### No textual alternative available, image linked

The following images are links and have no textual alternative available (no `alt` attribute). Having an `img` element without a textual alternative as the content of a link is handled ungracefully by popular screen readers.

| Image          | Location  |
|----------------|---|
| Not resolvable | <a href="#">From line 34, column 25; to line 34, column 100</a> |
| Not resolvable | <a href="#">From line 42, column 57; to line 42, column 131</a> |
